

PET CPR AND FIRST AID TRAINING

What you will learn:

- Restraining & Muzzling
- Primary Assessment
- CPR
- Chocking Management
- Bleeding and Fracture Management
- Assessing Vitals
- First Aid Kit Contents
- and more...
- and of course go home with some fun and useful items, CPR/ First Aid printouts and confidence!

According to the American Animal Hospital Association (AAHA) 1-out-of-4 more pets would survive, if just one pet first aid technique was applied prior to getting emergency veterinary care.

Note: No live animals to be present. **Participants are required to bring their own DOG SOFT TOY to practice hands-on techniques.** Toy should be standing and as close to your own dog's size and breed as possible.

About the trainer:
Zoe learnt canine massage the PetMassage Institute and is a member of the IAAMB and ACWT. She's also a Bach Flower Practitioner and learnt small animal acupressure from Tallgrass Animal Acupressure Institute. She is certified in Human / Infant CPR & First Aid as well as Pet CPR & First Aid.
